The frighteningly fantastic **EEEK! WEEK** is happening this October half term at WWT Martin Mere...

with a spookily sensational line-up of events to get visitors closer to the weird and wonderful side of wetland wildlife.

Sneak your way around the interactive Halloween trail, daring to rummage through mystery boxes, guessing the mysterious sounds of wetland creatures, and discovering fun facts about creepy crawlies and more.

During the October half-term, the Lancashire wetland centre will have plenty of tricks and treats to enjoy. Once you've braved the spooky

trail, join them for pumpkin carving, spooky crafts, and their Canoe 'Scarefari'.

Whilst visiting, you can expect to see an array of wetland wildlife from across the globe. Meet fabulous flamingos, incredible Inca terns, fascinating southern screamers, and adorable otters.

For further information about what events are on and to book tickets, search WWT Martin Mere.

Return of the Gods at the World Museum

From Wonder Woman to Hercules our screens are dominated by chiselled superheroes wielding their power - but who inspired these indestructible figures? This family-friendly exhibition dives into ancient Greek and Roman mythology to expose the original ancient characters of the heroes and heroines of our time.

From slaying snakes to turning men to stone, these heroes will stop at nothing to fulfil impossible challenges. Will Hera get revenge on her wayward husband Zeus? Will Hercules defy her powers? And will Demeter allow for the crops to grow back once more on Earth and Spring to blossom? Relive the myths and learn how these stories impacted the lives of mere mortals.

This boldly designed exhibition allows you to step inside the stories, as two-metre-high statues tower above you. Featuring a stunning collection of over 100 sculptures and objects, displayed together for the first time, experience the luxury of a Roman villa, before journeying into the underworld to meet Hades.

An inspiring story about the incredible things that can happen when you give something a try, from award-winning author Catherine Emmett and bestselling illustrator Claire Powell.

Delilah did not often talk of her dream, in case others laughed at how daft it might seem. For like all those others, this small dodo knew, there never had been any dodos who flew.

Meet Delilah. She's on a mission to be the first dodo to take flight – and she won't let what any of the other dodos say stand in her way. This heart-warming story of perseverance, from the Oscar's Book Prize shortlisted author of *The Pet*, will strike a chord with anyone who's ever dared to dream.

Brought to life with fabulous artwork from the illustrator of *The Night Before the Night Before Christmas*. This empowering story is perfect for fans of Rachel Bright.

Donation Drop Points

Become a Donation Drop Point for Nugent and Tackle Poverty in Your Community

In these challenging times of escalating living costs across the UK in 2023, Nugent's services within our local communities have never been more important. Our commitment to leaving no one behind drives us to stand alongside families and individuals facing hardships, ensuring they receive the support they deserve.

As we continue our work to tackle all forms of poverty and strengthen our communities, we are asking for our supporters who are part of a school, parish, business or community group,

to help by becoming a donation drop point and collecting donations on behalf of Nugent for our three key areas;

Hygiene Hub: Our Hygiene Hub is located within our weekly Pantry, which is open every Tuesday in St Anne's Church on Overbury Street, Liverpool. It's a place where individuals can receive the support they need and pick up items to help them when they are struggling.

Why set up a donation point for the Hygiene Hub?

In 2022, an estimated 3,150,000 adults (6% of the population) were affected by hygiene poverty, leading to social isolation, shame, and anxiety for many. A startling statistic from ActionAid revealed that the number of UK women and people who menstruate struggling to afford period products rose from 12% to 21% in just one year, with 13% of them missing school, university, or college. Our Hygiene Hub aims to combat this issue by providing a central location in the community where individuals can easily access hygiene products.

Food Pantry: The Pantry is open every Tuesday, 1pm to 3pm, at St Anne's Church for a weekly shop to support those who may need a helping hand. The shoppers have access to a full shop, including fresh fruit, vegetables, and cupboard favourites with a weekly cost of £3.50. The value of the shop often totals £15-20 or more, making it a cost-effective way to meet grocery needs.

Why set up a donation point for the Pantry?

Food prices in the UK have soared by a staggering 15.7% in April, putting immense strain on families and individuals struggling to afford basic groceries. Food insecurity leaves many people reliant on food banks and pantries just to make ends meet. For some children living in food poverty, a free school meal could be the only guaranteed hot meal they eat in a day. By setting up a drop point, you directly contribute to the fight against food poverty in your community.

Charity Shop: Our Nugent Allerton Road Charity Shop is open Monday to Saturday and serves as a platform for giving back to the community.

Why set up a Donation Drop Point for our charity shop?

Many individuals and families have faced crisis due to the cost-of-living crisis. As a result, the demand for assistance from charitable

organisations has significantly increased. By establishing a donation drop point, you can be an active part of the solution and make a positive impact on your community.

HELP NUGENT TO ALLEVIATE POVERTY AND MAKE A DIFFERENCE TODAY.

Your contribution matters, and setting up a donation drop point is an impactful way to create change. Our dedicated volunteers will arrange a collection so it is convenient and enables everyone to feel like they are making a difference.

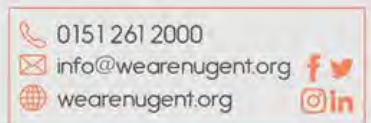

For more information or to set up a donation drop point, please contact us at fundraising@wearenugent.org or call **0151 261 2000**

Your Autumn plans at Liverpool ONE

Gravity MAX has landed at Liverpool ONE and it's the place where everyone wants to be! No matter what you're into, whether it's bowling, AR gaming or e-karting, you'll find it here. With two floors of activities in every corner of our newest entertainment venue, the kids will be kept busy for hours –and you'll find yourself loving the games too!

Fun Food Venues and Exciting Shopping

Make sure you make time for eating at **Gravity MAX** too, as their food options are out of this world –there's Greek with **The Athenian**, pizza with **800 Degrees**, and what the kids will be after most of all – **Creams Café** and the city's first **Wendy's**.

If you're after a change of scenery, there's lots to get stuck into. **Gordon Ramsay's Street Pizza** has great offers for kids, and the pizzas are seriously good too – grown-ups will approve.

And did we mention it's bottomless? Eat as much as you like!

All their faves are up on The Terrace, choose between the international flavours of **Zizzi**, **Wagamama** and **Las Iguanas**, and the delicious barbeque and special hospitality of **Smoke & Dough**. There's lots more to choose, too!

They'll probably want to grab a bubble tea – just FYI, there's a brand new **MooBoo** location in addition to their Wall Street branch; you can now find them on Custom House Place, just in front of the Sugar House Steps.

Lots to do while you're here...

Explore the interactive **LEGO** store and build up that Christmas list, with just about every range going including Star Wars and Harry Potter. Don't forget to hop over to **Kenji** with pocket money: it's a paradise of trinkets for all ages. In fact, it's perfect for stocking up on school essentials with a few treats thrown in too.

Every child will find something they love at **Liverpool ONE**. Explore a universe of books for every age at **Waterstones**, or create a new cuddly friend at **Build-a-Bear**. We've also got **Everton** and **Liverpool** football club stores, so while they look around at all the merchandise, you could be scouting out Christmas gifts for the whole family.

Shopping, Dining, Entertainment and Events!

Our Halloween event is now a staple of spooky season, and we get parents asking if it's coming back all year round! So put Sunday 29 October in your diary, get your best costume on, and join us for our competition in collaboration with Radio City, and hosted by Leanne Campbell!

Liverpool ONE and Christmas go hand-in-hand, with our sparkling decorations, twinkling trees and giant reindeer providing the perfect backdrop for those festive trips to town. We launch Christmas officially with Christmas Live! on Friday 17 November, with the region's school children practicing away right now to bring spectacular performances to the evening. There'll also be those elves making mischief – so watch out! Then the season commences in full swing at **Bar Hütte** on Chavasse Park, and this year there's loads of activities the kids can get stuck into.

Check out all the Autumn plans at Liverpool ONE by visiting www.liverpool-one.com or by downloading the Liverpool ONE MyONE App.

Bedtime Routine Tips

1. Begin with a Bath

Running a nice warm bubble bath acts as a good signal that it's time to start calming down, not only that, but the warm water should have a soothing effect on your little one.

If you're looking for ways to change the time you start getting ready for bedtime gradually, bath time is a great place to start –keep them in for slightly longer, or run it slightly earlier or later.

2. Pyjamas and Teeth

Fresh out of the bath, get them cosy in their sleepsuits or pyjamas, followed by brushing their teeth to help keep their pearly whites protected! This is also a great signal that it's time to wind down for bed.

3. Steer Clear of Screens

Turn off any TVs and put phones or tablets away in good time ahead of starting your child's bedtime routine. The bright lights and noises can mean little minds are stimulated for longer, which can be a barrier to ensuring a smooth bedtime happens.

4. Read Books

Snuggle up on the sofa or in bed and read some soothing stories together. The sound of your voice reading may even send them off to sleep. Alternatively, your little one might prefer you to sing calming songs or lullabies to help them drift off –just ensure you're keeping things quiet and tranquil.

5. Keep Timings Consistent

A good night-time routine shouldn't be adding to your already heavy workload as parents. For this reason, try to build it into your day –keeping timings tight and only letting the whole process last a set amount of time. It might take some time for your little one to get used to the routine but try to stick with it –consistency is often key!

Back to School; Back to Training!

As children head back to school, many parents are finding themselves with more time and more opportunities to invest in their own personal and professional development.

St Helens Chamber offer a range of free short courses tailored for people wanting to get into work, or just to update their skills, and what better time to embark on a journey of skill building and self-improvement than a new term!

Enhancing Career Prospects with Short Courses

St Helens Chamber's free short courses cover a wide range of subjects, including digital marketing, customer service, construction and many more.

These courses provide parents with the chance to upskill or reskill, enhancing their career prospects in an ever-evolving job market and making sure they have the best possible chances of success when finding and applying for roles.

The Chamber also are the National Careers Service for St Helens, so can offer free and impartial careers advice and support to find and apply for live vacancies.

Convenient Course Times and Regular Start Dates

The courses offered by St Helens Chamber run

during the daytime, so those needing to do the school run can still do this without missing the training.

Most courses also have regular start dates each month, so you'll always be able to find a course that fits in with your schedule.

Build Your Confidence to get into Work or Further Training

Training can be a confidence-boosting experience. The supportive environment at St Helens Chamber encourages parents to step out of their comfort zones, and gain new skills and knowledge that can be applied both in the workplace and at home.

Many courses come with accredited qualifications too, so you'll be able to demonstrate your knowledge to employers and have some great talking points at interviews.

Start Developing a wide range of Skills this September

Take advantage of this opportunity now that children are back at school, and invest in your own skills.

With a wide range of courses to choose from, St Helens Chamber will give you all the tools you need to develop your skills and confidence.

A Day in the Life of an Aquarium Ranger at World Museum

Meet Lydia Grimshaw, an Aquarist at the Aquarium in World Museum, Liverpool. No two days are the same, but here's what a day can look like taking care of the creatures you can see when you visit (and some you can't see).

9am Morning Checks and Cleaning

Do an animal welfare check on all creatures and a water check to monitor the water quality for all tanks and each of them prefer a different climate.

Some of the tanks get dirtier than others, depending on who the residents are, so as well as daily cleans we also take turns to don a wetsuit and get in the tank to do a weekly deep clean of the glass, rockwork and gravel.

11am Feeding Time

All of our aquarium residents have different feeding schedules and we use this time to sort out their meals and snacks. This often includes portioning out dry pellet, small fish, shrimp or fresh fruit for the terrapins, or weighing things for the hermit crabs to eat...

1pm School Session

Part of our work is delivering sessions to schools that visit and teaching pupils about life in our oceans. They get a chance to get up close with some of our rockpool residents which is always really popular.

3pm Public Tour

We've recently started some behind the scenes tours of the aquarium, where visitors can learn more about how we care for our animals and meet some of the residents we look after who aren't on display in the Aquarium.

At the moment we are rearing lots of baby moon jellyfish – who are absolutely tiny and amazing.

4pm Study Time and Admin

Another part of my job is conducting regular animal welfare assessments and contacting our vets to provide suitable medicine for our animals to help keep them healthy.

I'm currently doing an online course (E-aquarist) to further increase my understanding of animal care and best practises and I make time to visit other aquariums to learn how they look after their animals and sharing top tips!
